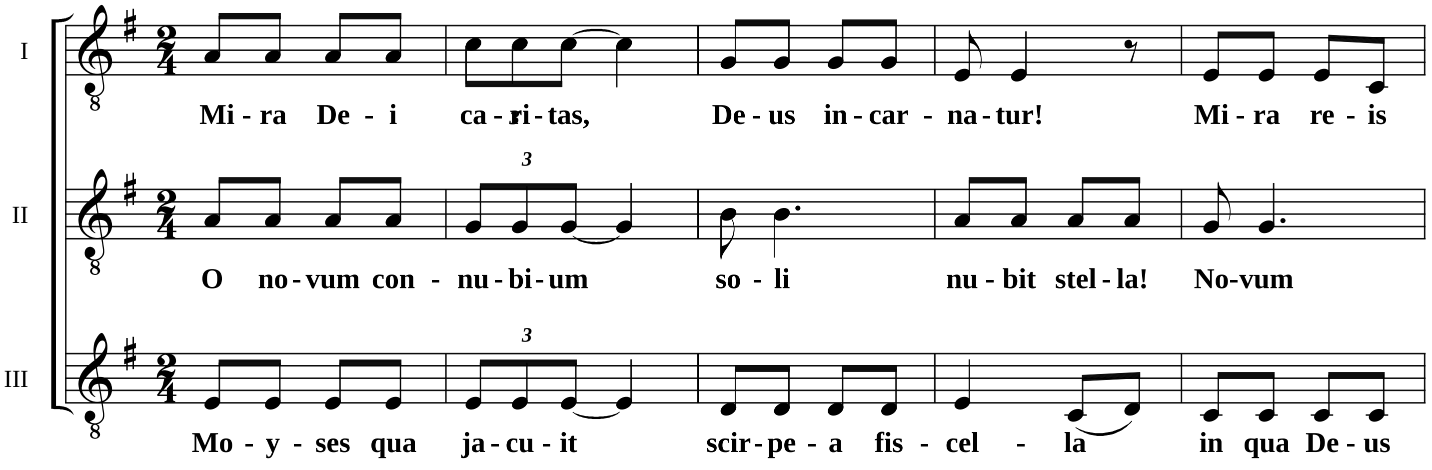
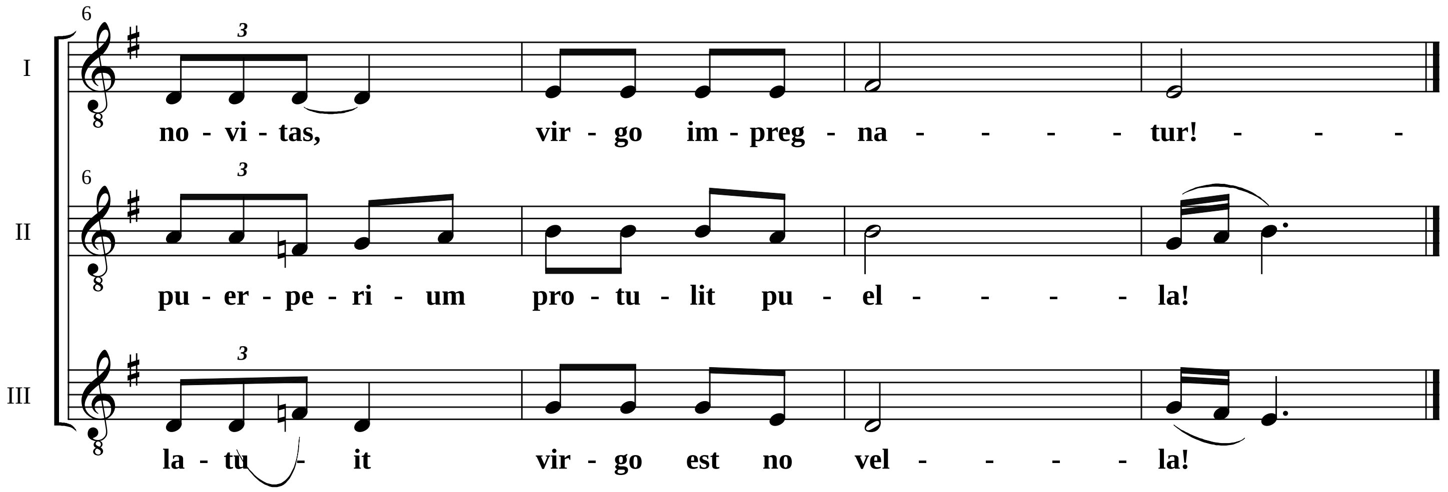
De partus virginis

franciaországi himnusz a Szent Szűz anyaságáról

PJ





4. **Auris et mens pervia**
Deo sunt ingressus;
non patent vestigia
quibus est egressus.

5. **Sicut vitrum radio**
solis penetratur,
inde tamen laesio
vitro nulla datur;

6. **sic, immo subtilius,**
matre non corrupta
Deus Dei Filius
sua prodit nupta.

7. **Prodit cogitatio**
clausa cordi vena:
praegnans absque vitio
parti sine pena.

8. **Non perit lux oculis**
cum lux evagatur,
nec in ortu flosculi
mater defloratur.

9. **Candens plus quam lilium,**
vernans plus quam rosa,
tuum ora Filium,
virgo preciosa,

10. **ne post mortem puniat**
nos inferni poena,
sed tecum reficiat
angelorum cena.
